

Details of Assets of M/s Kavya Industries (P) Ltd., Pithampur, Dist. Dhar.

1. Land & Site Development :-

S.No.	Particulars	Area (Sq.mt.)
1.	Land Leasehold	8362
2.	Site Development for steel unit	L.S.
	Levelling & Filling	
	RCC culverts	
	Internal Approach road	
	Sliding fabricated gates	
	Boundary wall	
3.	Site Development for water unit	L.S.
	Levelling & Filling	
	Sliding fabricated gates (2nos.), culvert & outer drainage system	
	Internal Approach road	
	Boundary wall	
	Tube well with submersible pumps	

2. Factory Building:-

S. No.	Particulars	Area (Sq.ft.)
Factory Building of Steel Plant		
1.	Main plant shed Heavy steel fabricated columns, steel trusses at approx. at Ht. 50ft., sheet roofing, RCC flooring, 50T crane load facilities.	40,780
2.	Office/Administration block Triple storey RCC construction with false ceiling.	2600
3.	Guard room	400
Factory Building of Water Plant		
1.	Main Shed with steel fabricated columns & truss structure with sheet roofing. RCC flooring in the shed with shed height apx. 35ft.	15,870
2.	Toilet Block RCC construction	260
3.	Laboratory/office/changing room Constructed inside the main shed	1680
4.	Internal partitions Inside the main shed (covered and not covered) with glass work, compressor room etc.	4180
5.	Security room RCC construction	250
6.	UG Water tanks-2 nos	Apx. 8 lacs ltrs.
7.	Over ground water tank	Apx. 4 lacs ltrs.

8.	Sub-station area	Apx. 1000sq.ft.
----	------------------	-----------------

3. Plant and Machinery for Water Plant

S.N.	Particulars	Qty.
1.	Water Treatment plant Cap.-6000 ltrs. /hr. Consisting of R.O. system, U.F. system, Micron Filters, U.V. system, activated carbon filter system, Dosing system Ozonator, P.H. indicating meter.	L.S.
2.	Reactor Tank with Agitator (5KL cap.)	1
3.	Reactor tank without Agitator (5KL cap.)	1
4.	Blow molding machine Complete with electrical	1 set
5.	Blow molds	L.S
6.	H.P. Air compressor with 75 H.P. motor	1
7.	L.P. Air compressor with 20 H.P. motor	1
8.	Water chilling unit – 15 TR Cooling tower-30 TR	1
9.	Bottle filling line Cap.-75 bottles/min. with rinser, filler,capper & other accessories	1
10	Jar filling m/c	1
11	Batch coding m/c	1
12	Electrical Substation & installation (Cables, wire, panels etc.)	L.S.
13	Trolley for vessel	1
14	Laboratory Equipments	L.S.
15	Agitator with Mechanical seal & gear box motor.	1
16	Elec. Installation cables, wires, stators, panels & S.S. tanks	L.S.

4. Plant and Machinery for Steel Plant

S.N.	Particulars	Qty.
1	Cut to length line for hot rolled sheet cutting. Coil weight: 35MT Line weight:120 MT Line speed: 0 to 30 Mpm Prod. Len.:500 to 13000mm With Uncoiler-20 MT, Coil car: 10 MT, coil operating system-8MT, Entry pinch roll assembly-12MT, Leveler cum Pinch rolls-48 MT, Hydraulic sheet-12MT, Roller Table Exit-10 MT, Hydraulic valve stand & power	L.S.

	pack, Elec. Panel, motors, control desk, pipeline etc. with Civil Foundation work	
2	EOT crane Cap. 50T span -30mtrs.	2
3	Weigh Bridge Cap. 100T with platform	1
	Cut to length line for cold rolled sheet plant consisting of below m/c's	-
4	Shearing machine	1
5	Component of De-coiling plant	1 set
6	De-coiling plant Coil car with lifter, Scrubber & pillar unit, uncoiler, Idler stand, conveyor stand.	L.S.
7	Roll forming machine with all accessories	1 set
8	Sheet profile making machine with all accessories	1
9	Elec. Ins. Cables, 500KVA indoor type transformer, substation, panels etc.	L.S.
